An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 5/8/2009, with Michael P. Dorr Reg. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 43 line 11 has been changed from "processing said condensing" to -- processing with a computer said condensing --.

Examiner's Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: While *Rossi* teaches a cooling system simulator and *Sachiko* teaches a computer based simulation model of a cooling system and *Singh* teaches calculating a dry bulb temperature, **none of these references taken alone or in combination with the prior art of record disclose**, generating a list of flow control devices based on simulation of a cooling system, specifically including:

(claim 43) "generating a list of flow control devices based on said system outputs; and selecting a flow control device from said list of flow control devices",

(claim 57) "generating a list of flow control devices based on said at least one flow control device selection parameter generated by said computer simulation; and selecting a flow control device from said list of flow control devices", **in combination with the remaining elements and features of the claimed invention**. It is for these reasons that Applicant's invention defines over the prior art of record.

3.1 As regards dependent claims 44-48, 16, 17, 19, 20, 23-25 and 58-64, 2 and 5-14 they are allowed for at least the reason that they depend from an allowed base claim.
